

Brooke Eden

About

Lauded for her commanding stage presence and brassy straight-shooting style, vocal powerhouse Brooke Eden flaunts a sassy flare in her trio of new songs that vulnerably detail her journey to love. Championed by *Billboard* as a “fiery country star-in-the-making,” Eden pairs her honest songwriting with punchy tracks from producer Jesse Frasure (Thomas Rhett, Florida Georgia Line, Little Big Town) to deliver her most authentic work yet. Coupled with a trilogy of music videos that illustrate Brooke’s own path towards loving honestly, Eden confidently shares her romantic optimism and warmth, while spreading the joys of summer all year long. With over 38 million on-demand streams already, Eden recently became the first queer Artist to be featured in a same-sex kiss on CMT, which garnered her a nomination for the *Best Family Feature* at the 2021 CMT Awards. *Vogue* claimed her single, “Got No Choice,” as One of the 10 Best New Singles for Pride 2021, while *The Gay Times* have claimed Eden as “the queer country superstar we need and deserve.”
